

YVLGA Guidelines for the Spring meeting at Scarborough South Cliff 17th May 2021

We are looking forward to the next YVLGA event at Scarborough South Cliff which also marks the next stage of the return to normality as part of the Government's road map out of lockdown.

We have visited the Club to check the position with regards to facilities & can confirm that the Club is looking forward to welcoming us.

Please note the following:

- Locker rooms will be open, however there is a big field so please come ready to play. Toilets are available on the ground floor and first floor.
- The registration desk will be sited near the balcony and can be accessed either via the main entrance or from the balcony. Please wear your mask when you register, unless you are exempt. Toilets are also available on this level.
- Refreshments and a limited menu will be available on the day in the clubhouse & will be served under the existing national guidelines. Please ensure you respect all personnel at the Club & other players in maintaining your distance.
- There will be a raffle on the day and part of the proceeds will be given towards the Lady captain's twin charities: Scarborough General Hospital and 'Toilet Twining' with Zambia'
- The cards will have been prepared in advance & will be available for you to collect. Please return to the registration desk where your scores will be entered directly into the competition software as you read them out. Signatures will be verified before cards are placed in a box.

Finally, please do enjoy the day & if you have any questions regarding the above, do not hesitate to contact me.
